

# UMAR EJAZ

As a .NET Developer with more than 1 Year of experience, I have a strong proficiency in various technologies. Throughout my professional career, I have developed, tested, and maintained web applications, desktop applications, and reports, while also integrating third-party tools and APIs to enhance application functionality. Apart from my professional expertise, I also have a keen interest in cryptocurrency trading. My passion for astronomy and astrophysics has driven me to gain a deep understanding of the subject and use it to bring a unique perspective to problem-solving. My academic background includes a Bachelor of Science in Computer Science, and I am currently pursuing a Master of Science in Computer Science.
